

# Treatment Guarantee

**HEAT TREATMENT FOR BED BUGS IS THE ONLY THING WE DO.** We have absolute confidence in our work – and we stand behind it one hundred percent. For qualifying properties, provided the Preparation Instructions have been followed and the preparation has been completed as described, we offer a complete 45-day guarantee on our work. If you provide us with evidence that bed bugs have returned to the service address within 45 days of treatment, we will re-treat the premises at no additional charge. Acceptable evidence is simply the presentation of a live bed bug, found inside the premises, following our treatment within the guaranteed period.
